15th Annual

Crime Victims' Rights Conference

We are pleased to announce keynote speaker
William McCoy, Founder & President
The McCoy Company

This must see, experiential presentation uncovers the roots of violence, abuse and the "isms" as we learn a unique approach to foster healing and recovery among crime victims, perpetrators and those who serve them. It takes on the explosive issues of bias, violence, gender, power dynamics, alliance-building and change in a way that brings people together. This powerful, eye-opening presentation is based on the highly acclaimed Violence Interruption Experience (VIE) training originally developed for and still used with hardcore offenders. Thousands of people have been exposed to VIE at conferences, schools, jails and prisons, and it has been presented to community-based organizations as well as the National Football League.

Hosted by the Governor and Attorney General
